PHYSICIAN ORDERS FOR LIFE-SUSTAINING TREATMENT (POLST)

HIPAA (HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT of 1996) PERMITS DISCLOSURE TO HEALTH CARE PROFESSIONALS AS NECESSARY FOR TREATMENT

Follow these orders until changed. These medical orders are based on the patient's medical condition and preferences. Any section not completed does not invalidate the form and implies initiating all treatment for that section. With significant change of condition, new orders may need to be written. The Illinois Department of Public Health (IDPH) Uniform Do Not Resuscitate (DNR) Advance Directive is **always voluntary** and is for persons with advanced or serious illness or frailty. This order records your wishes for medical treatment in your current state of health. Once initial medical treatment is begun and the risks and benefits of further therapy are clear, your treatment wishes may change. Your medical care and this form can be changed to reflect your new wishes at any time. However, no form can address all the medical treatment decisions that may need to be made. The Power of Attorney for Health Care Advance Directive form (POAHC) is recommended for all capable adults, regardless of their health status. A POAHC allows you to document, in detail, your future health care instructions and name a Legal Representative to speak for you if you are unable to speak for yourself.

I also have the following advance directives (OPTIONAL)

❑ Health Care Power of Attorney ❑ Living Will Declaration ❑ Mental Health Treatment Preference Declaration

Voiding or revoking a Do Not Resuscitate (DNR) Advance Directive Form

- A patient with capacity can void or revoke the form, and/or request alternative treatment.
- Changing, modifying or revising a DNR form requires completion of a new DNR form.
